

2012 BOM

ATLANTIS

DIMENSIONAL QUILT

We hope you enjoyed our 2011 5-points of Light BOM program. It was a great exercise in working in neutrals as well as a wonderful introduction to a wide variety of piecing techniques. This year, we are going to dive into a great new adventure and explore the depths of dimensional curves and piecing. This years quilt, Atlantis, will take straight-line piecing and create flowing curved results.

The 12 month program will include a wonderful array of batiks from beautiful deep blues to brilliant bright reds and oranges. The quilt takes its name "Atlantis" from the ocean theme that inspires the quilt. The finished quilt is approximately 60" x 75". Along with the 12 blocks, one per month, there is the Fins 'n Tails border. Kits are \$12/month for the fabrics and pattern and \$45 for the border kit. Border kits will be distributed in April along with the monthly block kit.

Classes meet the **2nd Saturday of the month at 9:15**, before the shop opens. Each month there will be a lecture and demo to prepare you for this months block. The blocks will start easy and add complexity as we continue. But don't let the gorgeous curves fool you, this IS all straight piecing.

Not going to be around all year? Don't let that stop you from enjoying this quilt. We are offering a Mail-it-to-me option for \$275. Each month we'll mail you your blocks and directions. No additional monthly costs or registrations.

Registration is \$45/per person. If leave the program you can purchase the complete set of directions for an additional \$40. Our "oops" bucket will be available should you need a small piece of but you may also purchase your own oops kits with a piece of each fabric used in the kit in February.

Program starts February 11, 2012 at 9:15.
